Summary:

My interests are in costumes of period films and theatre (Late Georgian, Regency, Victorian, Edwardian, 1920's-50's), designing, construction, men's tailoring, jewellery making, millinery, samurai armour and women in armour. I look up to the following costume designers; Eiko Ishioka, Sandy Powell, Colleen Atwood, James Acheson, Alexandra Byrne, Milena Canonero, Ngila Dickson, Michael O'Connor, Kenneth Yee Chung-Man, Dien van Straalen and Charles Knode. And I also admire American director of theatre, opera and film, Julie Taymor. I enjoy puppets and masks in theatre i.e. Lion King, Warhorse and other productions that include this form of theatre. Whilst I am of dual citizenship allowing me to work anywhere in England and Australia, I can also work within the EU. I have a wide range of interests and I am prepared to work in Theatre, T.V and Film in any creative capacity and would also be interested in researching and designing. I am a very passionate and hardworking person who works well individually and as a team member too. I feel I am very approachable person and find that people warm to me easily.
